

GRADUATE RESEARCH PROGRAM

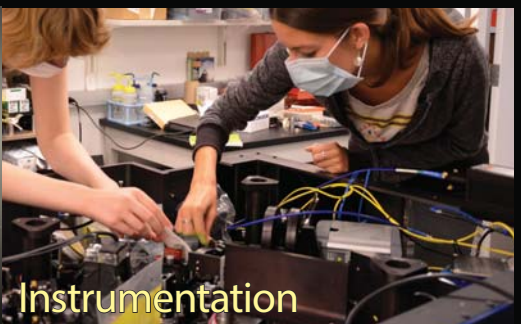

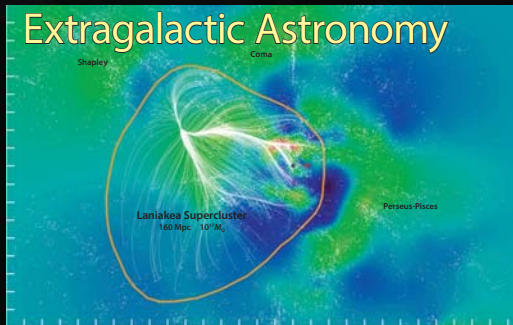

University of Hawai'i **Institute for Astronomy**

gradprog.ifa.hawaii.edu

*To live and work under the skies of Hawai'i
is an extraordinary privilege.*

The Institute for Astronomy's unmatched access to the telescopes and instruments on Maunakea and Haleakalā represents a unique resource for education as well as research. We are one of the top astronomy graduate schools in the country, offering Masters and PhD degrees.

Areas of study include...

... and many more exciting research opportunities in observational and theoretical cosmology, stellar astrophysics, planet formation, habitability and astrobiology. Visit us at www.ifa.hawaii.edu!
